

Proxy Registration Manual

2024.10.3

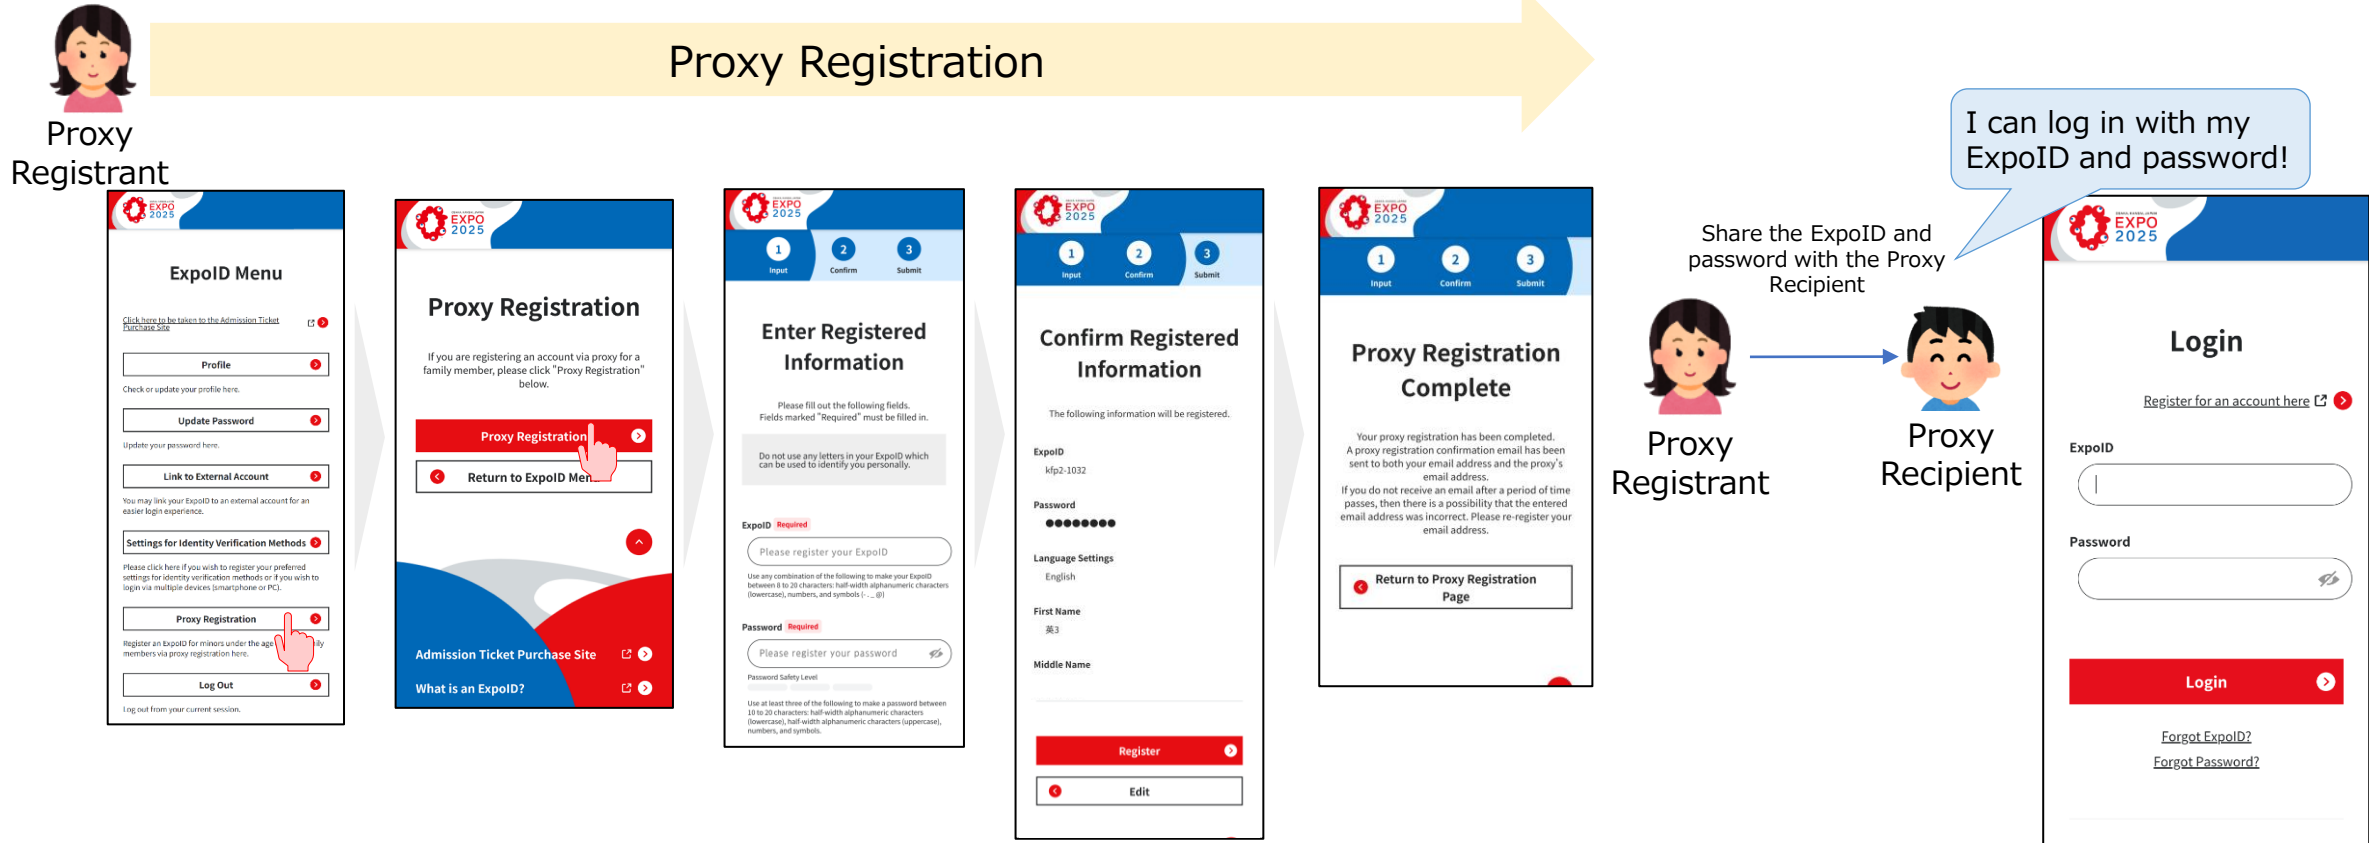

Proxy Registration

Children who are under 16 years old at the time of ExpoID registration cannot register for an ExpoID by themselves. You will need to have someone who is already 16 years old or older to register on your behalf.

How to Register for Children Under 16

Proxy registrants need to set up the proxy recipient's information, ExpoID and password via the ExpoID menu. Once the registered ExpoID and password have been shared with the proxy recipient, the recipient will be able to log in using the ExpoID.

How to Register for Children Under 16

The proxy recipient can log in to the ExpoID without requiring an identity verification method, but some functions are restricted for security reasons. In addition, for those under 16, functions such as updating their own profile are not available, so the proxy registrant must make these changes via the proxy registration menu.

	General User	Proxy User				
		Under 16		16 and Older		
		Identity Verification Completed	Email Not Registered	Email Registered	Email Not Registered	Email Registered But Identity Verification Not Completed
